CALL FOR PARTICIPATION

WORKSHOP

“Conducting Scientific Research in Egyptology: Tools and Methods”

17-19 September 2023

The CFEETK, with the participation of the Ifao, will organise a **training workshop** on tools and methods used by Egyptologists from **17th to 19th September 2023**. This workshop will take place at the library of the **CFEETK** in Karnak (Luxor). It is intended for **inspectors** with a bachelor's degree who wish to continue their academic studies (master) in Egyptology.

The lectures will be given **in English** by a panel of Egyptian and French Egyptologists.

Programme (2 days):

- Learning scientific tools: presentation of the main encyclopaedias and tools available in libraries, digital tools and databases, etc. (with a focus about Karnak area).
- Conducting scientific research: defining and delimiting a subject, identifying sources, bibliographical research, etc.
- Sharing your research: giving an oral presentation, knowing the international scientific standards for publishing an article, etc.

The third day will be devoted to visiting the CFEETK archaeological projects within the Karnak precinct, with its directors, and discovering the different stages of the scientific work.

Directors of the CFEETK:

Dr. Ahmed AL-TAHER
Dr. Luc GABOLDE

Lecturers:

Dr. Ahmed MEKAWY OUDA (Cairo University / Ifao)
Dr. Mathilde PREVOST (Ifao)
Dr. Jérémy HOURDIN (CFEETK)

To apply: send a motivation letter (1 page, *in English*) and your CV by e-mail to
Dr. Jérémy HOURDIN – jeremy.hourdin@cnrs.fr

Application deadline: 10 August 2023
